

## **Job Description**

### **Global Head of Physiotherapy: JSW - GMR Cricket**

**Reporting to:** Director – Cricket / CEO

**Employment Type:** Full-time, Contractual

**Base Location:** Delhi, India and basis other league locations

#### **Role Overview**

The **Global Head of Physiotherapy** will lead and unify the programs and plans for physiotherapy, athlete rehab, injury management across its international cricket franchises. This role is a **critical leadership position**, responsible for setting world-class standards in athlete recovery and performance management across multiple elite leagues and geographies.

#### **Franchises Covered**

- Delhi Capitals (Men's IPL)
- Delhi Capitals (Women (WPL)
- Dubai Capitals (ILT20)
- Pretoria Capitals (SA20)
- Other Cricket Franchises in GMR and JSW portfolio

#### **Key Responsibilities**

- Lead **end-to-end physiotherapy strategy** across all JSW GMR cricket franchises.
- Ensure **maximum player availability** during tournaments through elite injury prevention, management, and return-to-play protocols.
- Build, mentor, and oversee **local physiotherapy teams** across franchises while maintaining a unified global philosophy.
- Work closely with Head Coaches, Strength & Conditioning staff, Sports Medicine, and Team Management.
- Manage high-profile international players and liaise effectively with **national teams and boards**.
- Establish and enforce **global best-practice standards**, documentation, and reporting.
- Provide hands-on physiotherapy support during key tournaments.
- Act as the final authority on player fitness, load management, and medical decision-making.
- Support long-term athlete development and career longevity.

#### **Candidate Profile**

##### **Mandatory Requirements**

- Extensive experience/track record as a **lead or head physiotherapist** managing high-performance physiotherapy teams alongside athletes' rehabilitation and injury prevention for athletes.
- A solid experience of the demands in **elite international cricket** (international teams and/or top-tier franchise leagues) will be advantageous.
- Deep understanding of cricket-specific injury profiles, workloads, and tournament demands.
- Experience working in **fast-paced, multi-team, multi-country environments**.
- Strong leadership presence and credibility with players, coaches, and management.

##### **Preferred Profile**

- leading global cricket physiotherapist and performance director.
- Experience across International cricket and multiple leagues in franchise cricket.
- International exposure and ability to operate seamlessly across cultures and time zones.
